during the covid 19 era the functions of social policy and public administration have undergone a meaningful change especially with the advancement of digital elements and online and virtual functions cyber developments cyber threats and the effects of cyberwar on the public administrations of countries have become critical research subjects and it is important to have resources that can introduce and guide users through the current best practices laboratory methods policies protocols and more within cyber public administration and social policy the handbook of research on cyber approaches to public administration and social policy focuses on the post pandemic changes in the functions of social policy and public administration it also examines the implications of the cyber cosmos on public and social policies and practices from a broad perspective covering topics such as intersectional racism cloud computing applications and public policies this major reference work is an essential resource for scientists laboratory technicians professionals technologists computer scientists policymakers students educators researchers and academicians

citrix presentation server allows remote users to work off a network server as if they weren t remote that means incredibly fast access to data and applications for users no third party vpn connection and no latency issues all of these features make citrix presentation server a great tool for increasing access and productivity for remote users unfortunately these same features make citrix just as dangerous to the network it s running on by definition citrix is granting remote users direct access to corporate servers achieving this type of access is also the holy grail for malicious hackers to compromise a server running citrix presentation server a hacker need not penetrate a heavily defended corporate or government server they can simply compromise the far more vulnerable laptop remote office or home office of any computer connected to that server by citrix presentation server all of this makes citrix presentation server a high value target for malicious hackers and although it is a high value target citrix presentation servers and remote workstations are often relatively easily hacked because they are often times deployed by overworked system administrators who haven t even configured the most basic security features offered by citrix the problem in other words isn t a lack of options for securing citrix instances the problem is that administrators aren t using them eweek october 2007 in support of this assertion security researcher petko d petkov aka pdp said in an oct 4 posting that his recent testing of citrix gateways led him to tons of wide open citrix instances including 10 on government domains and four on military domains the most comprehensive book published for system administrators providing step by step instructions for a secure citrix presentation server special chapter by security researcher petko d petkov aka pdp detailing tactics used by malicious hackers to compromise citrix presentation servers companion site contains

custom citrix scripts for administrators to install configure and troubleshoot citrix presentation server

most public administration texts overly compartmentalize the subject and don t interconnect the various specializations within government which leaves a serious gap in preparing students for public service government a public administration perspective is designed to fill that void it provides a comprehensive multidisciplinary view of government that includes perspectives from political science political theory international relations organizational sociology economics and history the text draws on classic and modern literature from all these areas to analyze government at four different levels ideational societal organizational and individual layers it links public administration s various subfields human resource management budgeting policy making organizational theory etc into a holistic framework for the study of government it also includes an extensive bibliography drawing from american and european literature in support of the book s global historical and comparative approach
